ETG may help keep passengers sitting next to these windows from being ejected through the glass in some, but not all, crashes. Even with this glass, safety belts must be worn at all times. For Passenger Vans, use only ETG glass approved for your vehicle for replacement when damaged. <sup>2</sup> GM is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such a supplier. <sup>3</sup> Go to [chevrolet.com/biofuels](http://chevrolet.com/biofuels) to see if there is an E85 fuel station near you. <sup>4</sup> Included with available rear air conditioning or available Hotel Shuttle Package. <sup>5</sup> Requires available Duramax 6.6L Turbo-Diesel V8 engine, available Ambulance Package and available air conditioning.
