THE MIDSIZE SEDAN THAT HAS IT ALL.

What does it take to craft a great midsize sedan? It’s got to be smart, precise and ingenious in every way. The 2015 Malibu is just that. State-of-the-art connectivity, a remarkable 36 MPG highway¹ and undeniable good looks are just part of this story. With its impressive balance of all-around excellence, Malibu is a driving experience to remember.

¹EPA estimated.
**Midsize Evolved.** In your search for a premium midsize sedan, expect the best. The 2015 Malibu rewards you with a confident, connected-to-the-road feel and upscale style that’s an assertive departure from the mundane. With impressive fuel efficiency* and a finely crafted interior offering spacious comfort for five, Malibu is an ingenious marriage of artistry and engineering.

**Dynamic Aerodynamics.** The sculpted lines are as functional as they are attractive. The chrome-accented grille with available hidden active blockers helps reduce wind resistance while guiding airflow to help optimize fuel efficiency. Even the front fascia and side mirrors have been shaped and tested for peak aerodynamic performance, allowing Malibu to effortlessly slice through the air.

*The Chevrolet Malibu received the lowest number of defects per 100 vehicles among midsize cars in the 2014 Initial Quality Study. Study based on responses from 48,397 new vehicle owners assessing 239 models. Measures owners’ experience after 90 days of ownership. Proprietary study results are based on experiences and perceptions of owners surveyed in February–May 2014. Your experiences may vary. Visit jdpower.com.

**EPA-estimated MPG (city/highway): Malibu with 2.5L 4-cylinder engine 25/36; 2.0L engine 21/30.**

“Highest ranked midsize sedan in initial quality.”

MALIBU LTZ in Iridescent Pearl Tricoat (extra-cost color) with available features.

1. Available high-intensity discharge (HID) headlamps light the way ahead.
2. Make Malibu your own with a choice of wheel options.
3. Aerodynamic details guide airflow seamlessly around the vehicle body to help decrease wind resistance.
“IT’S LIKE AN ISLAND RESORT ALL-INCLUSIVE EXPERIENCE, ONLY IN FAMILY-FRIENDLY MIDSIZE SEDAN FORM.”

— AUTOWEEK
**EXCELLENT.**

1. Liquid-applied sound deadeners and triple door seals provide a superbly quiet cabin.
2. Available behind-the-screen storage keeps valuable items out of sight.
3. Thoughtful details include two dedicated storage areas for your cell phones.

**PREMIUM ATTENTION TO DETAIL.**

Refined surfacing, premium materials and rich appointments are Malibu hallmarks.

**ICE-BLUE AMBIENT LIGHTING.** LT and LTZ set a luxury mood with iced-blue ambient lighting on the instrument panel and doors.

**7-INCH DIAGONAL TOUCH-SCREEN.**

Access available Chevrolet MyLink® via the intuitive 7-inch diagonal color touch-screen display. It’s an easy way to stay connected while on the go.

**SPACIOUS COMFORT.**

With plenty of leg room and sculpted seats, superb comfort is assured.

**KEYLESS ACCESS.**

Experience next-level convenience with Keyless Access with Push-Button Start, available on LTZ.
INTERNET IN YOUR MALIBU. Chevrolet is the first and only car company to bring built-in 4G LTE Wi-Fi to cars, trucks and crossovers, offering drivers the ability to seamlessly connect their smart devices and vehicles to the Internet. 1

THE ULTIMATE MOBILE Wi-Fi HOTSPOT. Whenever your Malibu is on, available OnStar 4G LTE Wi-Fi is on too. It offers great signal quality and bandwidth for up to seven devices. 1

STAY CONNECTED WHILE YOU’RE AWAY FROM YOUR CONNECTION.

FAST, EASY, RELIABLE. Available built-in OnStar with 4G LTE Wi-Fi provides a better in-vehicle experience than your smartphone. Our stronger signal means you have a reliable connection. It’s automatically on after initial setup and ready to connect to your mobile devices.

1 Devices must be WPA2-compliant with active OnStar Service and data plan. OnStar 4G LTE devices manufactured up to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Visit onstar.com for details and system limitations.
Available Chevrolet MyLink 1 allows you to make calls and select radio stations through voice commands, touch-screen buttons and steering-wheel-mounted controls.

Get around with available Chevrolet MyLink with Navigation, which includes 2-D/3-D maps, points of interest and a 3-month trial of SiriusXM NavTraffic.2 You can also access Pandora® Internet Radio.3 Enjoy commercial-free music, sports, comedy, talk and more through the 3-month trial subscription of the SiriusXM Satellite Radio All Access Package available on most Malibu models. Connect your flash drive or MP3 player through the USB port, and Gracenote® will even organize your music by populating song information.

COLOR TOUCH-SCREEN. Stream content to the available 7-inch diagonal color touch-screen or use voice commands to access Pandora® Internet Radio. Enjoy commercial-free music, sports, comedy, talk and more through the 3-month trial subscription of the SiriusXM Satellite Radio All Access Package available on most Malibu models. Connect your flash drive or MP3 player through the USB port and Gracenote® will even organize your music by populating song information.

BLUETOOTH. Keep in touch while keeping your hands on the wheel by using Bluetooth® wireless technology5 for select smartphones. Pair your phone to make or receive calls while driving.

SIRI EYES-FREE. For compatible iPhone® users, the system allows limited hands-free interactions for those times when you need to read or compose text messages, make phone calls or play your favorite music.

THE MOST MOBILE MALIBU EVER.

PIONEER PREMIUM AUDIO SYSTEM. Enjoy superior performance sound with the available Pioneer® premium 9-speaker 250-watt amplified sound system.

MOBILE APPS. Use the OnStar RemoteLink® app to remotely start or turn off the engine, with factory-installed and enabled remote start, and lock or unlock your doors. It can even help you find your Malibu by honking your horn and flashing your lights in a crowded or dark parking lot.
PERFORMANCE

**Direct injection System**

**Intake Variable Valve Lift Control**

**Variable Valve Timing**

**Intake Variable Valve Lift Control System**

**Variable Valve Timing**

EFFICIENT ECOTEC POWER. Malibu doesn’t skimp on power. The standard ECOTEC® 2.5L DOHC 4-cylinder engine offers an enhanced 186 lb.-ft. of torque, so it provides a great feeling of strength at lower speeds while delivering 196 horsepower (LS, LT and LTZ).

36 MPG ON THE HIGHWAY. With the 2.5L 4-cylinder engine, Malibu offers an EPA-estimated 36 MPG highway. Advanced fuel-saving technologies include Direct Injection and Variable Valve Timing.

PRACTICAL POWER. Continuously Variable Valve Timing adjusts airflow in and out of the combustion chamber for better fuel economy. With Direct Injection, fuel is injected directly into the combustion chamber, which allows for a higher compression ratio and results in better fuel economy. When the Intake Variable Valve Lift Control system is in low-lift mode, the engine pumps only the air it needs for greater performance at lower speeds and offers excellent fuel economy. The system switches to high-lift mode at higher speeds or under heavy loads, providing full output capability for the engine.

INTELLIGENT STOP/START TECHNOLOGY. With innovative stop/start technology, stopping is what keeps you going. In certain conditions, the 2.5L engine will automatically shut off when the brake is applied and the car comes to a stop. When the brake is released, the engine automatically turns back on. The stop/start technology uses a reinforced Absorbent Glass Mat (AGM) starting battery. There’s a beefed-up tandem-reversed starter motor and even an auxiliary battery located in the rear of the car. It’s a smart way to save gas and improve efficiency. So smooth and seamless, you might not notice it at all.

From 2014/2015 Chevrolet Malibu owners embrace Start/Stop Technology on Kelley Blue Book’s kbb.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc.

2 EPA-estimated MPG (city/highway). Malibu with 2.5L 4-cylinder engine 36/26.
All the fun without the extra fill-ups.

Power Booster. Imagine the exhilaration of V6 power packed into a fuel-efficient 4-cylinder. The available turbocharged ECOTEC 2.0-liter engine, featuring double overhead camshafts and Continuously Variable Valve Timing, offers 259 horsepower and class-leading 295 lb.-ft. of torque. With an EPA-estimated 30 MPG highway, you have both a thrilling ride and impressive efficiency.

Superior Smoothness. Malibu moves with confidence, thanks to a finely tuned independent suspension, precise electric-assisted rack-and-pinion steering and 4-wheel antilock disc brakes.

Long-Lasting Stopping Power. Innovative Duralife™ brake rotors have been hardened with a special patented process, resulting in rotors that can last up to twice as long as conventional rotors.

The integrated brake system is designed to help you maintain control by preventing wheel lockup and assists with stopping or decreasing vehicle speed. This is the quiet strength of excellence.
Huge on safety. Malibu received the highest possible Overall Vehicle Score for safety from NHTSA, but this safety story doesn’t end there.

A strong foundation. Ultra-high-strength steel is used throughout for a structure designed to be exceptionally strong and rigid. Advanced design is all around you in the 2015 Malibu.

10 standard air bags. If a moderate to severe collision does occur, Malibu is designed to respond quickly with 10 standard air bags!

Available side blind zone alert. Sensors help warn you when a vehicle enters your blind spot on either side, thanks to the innovative Side Blind Zone Alert.

Available lane departure warning. If you unintentionally drift out of your lane without signaling, it sends an audible alert to let you know.

Available forward collision alert. Receive warning of possible front-end collision threats and use the steering wheel controls to adjust the closing speed range of the system.

The security of OnStar. In a crash, built-in sensors can automatically alert a specially trained OnStar Advisor, who is immediately connected into your vehicle to help you. OnStar Automatic Crash Response, standard for six months, uses GPS technology to locate you and dispatch help — even if you can’t respond.

StabiliTrak electronic stability control system. This standard safety technology is designed to improve vehicle stability on most road surfaces, especially during emergency maneuvers and difficult driving conditions.

Safety starts with you. Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner’s Manual for more important safety information.
