THE NEW 2015 SILVERADO HD
OUR MOST ADVANCED HEAVY-DUTY PICKUP EVER.
THE NEW 2015 SILVERADO HD.
THE STRENGTH OF EXPERIENCE. SILVERADO HD.

Introducing the new Silverado HD. Built heavy-duty strong to help get you through the most demanding jobs, the 2015 Silverado HD offers the proven power of our Duramax 6.6L Turbo-Diesel V8 mated to the legendary Allison® transmission—produced by the makers of military tank transmissions. Or there’s the muscle of our standard Vortec 6.0L V8. The new Silverado HD is heavy-duty smart, too. With its advanced exterior and interior designs, plus safety innovations including the available Safety Alert Driver Seat, the 2015 Silverado 2500HD and 3500HD move the strong tradition of Chevy trucks decisively forward.

Got something serious to tow? Got a mountain to climb? Silverado 3500HD can tow up to 23,200 lbs¹—without breaking a sweat. With advanced technology like Trailer Sway Control, Silverado HD is a tow vehicle that combines brute strength with engineering refinement.

You don’t get to be part of the most dependable, longest-lasting full-size pickups on the road² by tampering with what works. You build on proven success. You make your best even better.

¹Requires Silverado 3500HD Regular Cab DRW 4WD with available Duramax 6.6L Turbo-Diesel V8. Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ²Dependability based on longevity: 1987-April 2013 Full-Size Pickup registrations.
NOT JUST STRONG.
HEAVY-DUTY STRONG.
DURAMAX + ALLISON = 765 LB-FT TORQUE

If you have heavy-duty demands, you need heavy-duty strength you can count on. How’s this for proven power: There are over 1 million Duramax diesels with Allison transmissions on the road today with over 100 billion miles of experience. Whether it’s towing heavy equipment or hauling massive loads, Silverado HD with the available Duramax 6.6L Turbo-Diesel V8 has been getting it done year after year. In fact, with its 765 lb-ft of torque, Silverado 3500HD with the Duramax turbo-diesel engine offers you best-in-class maximum available conventional towing capacity. Power you can trust; that’s Silverado HD.

¹Requires 3500HD Crew Cab DRW 4WD with available Duramax 6.6L Turbo-Diesel V8 engine. Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.
The small-block V8 has been a dependable workhorse for millions of Chevy truck owners. That heritage continues with the new 2015 Chevy Silverado 2500HD, which comes standard with the Vortec 6.0L V8. Developed for heavy-duty applications, the core features of our Vortec 6.0L are its cast-iron cylinder block, long-skirt design and cross-bolted main bearing caps—three reasons why Silverado HD isn’t just tough, it’s strong.

The power of our 6.0L V8 builds at a low rpm, where it counts the most in a truck—peak horsepower is reached by only 5400 rpm, while peak torque occurs at only 4200 rpm. Got a stump to pull or a trailer to tow? The torque curve of the 6.0L is broad and flat, with approximately 90 percent of peak torque available at only 2000 rpm. Paired in the new Silverado HD, the Vortec 6.0L and 6-speed automatic transmission combine to deliver a maximum towing capacity of up to 14,800 pounds.¹

Bi-fuel versions of the Silverado 2500HD and 3500HD seamlessly switch between gasoline and Compressed Natural Gas (CNG). Combining the cleaner-burning CNG with gasoline gives the Silverado 2500HD a range of more than 650 miles.² And since this is a Silverado, you know it’s got the power and performance to get the job done. The entire gaseous fuel system meets Chevrolet’s strict quality, durability and safety testing and is covered under the extensive powertrain warranty.³ The bi-fuel Silverado HD is now available in Regular Cab, 4-door Double Cab and Crew Cab 2500HD and 3500HD SRW configurations as well as standard and long box, with either two- or four-wheel drive.

¹Requires 2500HD Regular Cab 2WD with Vortec 6.0L V8 engine. Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ²Estimated range based on GM testing and maximum tank capacity. Your range may be less. ³5 years/100,000 miles (whichever comes first). See your dealer for limited warranty details.
HEAVY DUTY WITHOUT THE HEAVY WEIGHT.

Weight robs a truck of its power and efficiency. In Silverado HD, the strategic use of high-strength steel, aluminum and other premium materials enabled engineers to create a Silverado that is stronger and more capable than previous model years.

A / FULLY BOXED FRAME  The HD frame uses high-strength steel for the fully boxed frame rails. Nine cross-members provide lateral support. The front frame segments are hydroformed, a process that minimizes weight without sacrificing strength. Mounted to the rear frame are 3”-wide leaf springs that help achieve a maximum payload rating of 7180 lbs on the Regular Cab model. The torsion-bar front suspension helps create Front Gross Axle Weight Ratings of up to 6000 lbs.

B / HIGH-STRENGTH STEEL  Its frame is highly refined, precisely tuned to help squelch vibration for a smoother ride and confident handling. And to help create a quiet cab, about two-thirds of the HD’s cab structure is made from high-strength steel, including the pillars, roof rails and rocker panels.

C / ROLLED, NOT STAMPED  Even the HD pickup bed benefits from tougher steels. HD features a roll-formed steel pickup box, which is lighter, stronger and more durable than traditional stamped-steel boxes used by major competitors.

PROOF IS IN THE POUNDING  To help validate the design and materials for the new Silverado HD, the trucks underwent more than 6 million miles of durability testing on proving grounds and tough test roads. What about the real world? Final on-road testing in excess of 7 million miles brought total test miles to more than 13 million.

---

1 Requires 3500HD Regular Cab DRW 2WD with Vortec 6.0L V8 engine. These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle loading section of the Owner’s Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver’s door jamb.

2 Requires available Snow Plow Prep Package.

3 These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle loading section of the Owner’s Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver’s door jamb.
GRADE IT ON A GRADE. THE STEEPER, THE BETTER.
BRUTE FORCE + TECHNOLOGICAL FINESSE = THE ULTIMATE TOWING MACHINE.
HILL START ASSIST  To give you extra time to switch from the brake pedal to the accelerator without rolling back, Hill Start Assist holds the brakes momentarily or until you press the accelerator.

A / DIESEL EXHAUST BRAKE SYSTEM  The available Exhaust Brake System works with the Allison transmission’s Tow/Haul mode and Automatic Grade Braking features to help reduce the amount of conventional braking needed while towing or traveling downhill.

B / TRAILER BRAKE CONTROLLER  For control and easy monitoring of your trailer brakes, Silverado HD offers an available integrated trailer brake controller. It’s located in easy reach of the steering wheel for quick adjustments, and it will operate on hydraulic or electric trailer brakes.

C / TOW/HAUL MODE  To accelerate when trailering or hauling heavy loads, Tow/Haul mode raises transmission upshift points. It also raises downshift points using engine compression to help slow your Silverado HD instead of merely braking.

D / REAR VISION CAMERA  The center screen serves as your monitor for the available Rear Vision Camera. Its dynamic grid lines help when backing up or hitching a trailer.

TRAILER SWAY CONTROL  Keep both you and your trailer heading in the same direction, automatically. It detects a swaying trailer and applies both the vehicle’s and the trailer’s brakes (if properly equipped) to help bring it back in line.
YEAH, IT’S STILL A TRUCK.
IT DOES THE **HEAVY LIFTING** IN HERE, TOO.
The 2015 Silverado is the first pickup to offer built-in 4G LTE Wi-Fi connectivity. The next generation of available OnStar with 4G LTE Wi-Fi is the way to stay connected to your work. The all-new available technology turns Silverado into a fast, reliable Wi-Fi hotspot while your vehicle is on. Passengers can get work done via the high-speed wireless Internet with up to seven devices, such as tablets, laptops or mobile devices. Check Web sites, e-mails, weather and more, even from outside your truck. Plus, we've developed a new platform for streaming updates and expanded services. Now your world fits in your truck.

1 Available on models built after August 2014.  
2 Devices must be WPA2 compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.com for details and system limitations.
TECHNOLOGY THAT WORKS AS HARD AS YOU DO.

A / DRIVER INFORMATION CENTER  Silverado HD's new available 4.2" diagonal color Driver Information Center (DIC) lets you choose from a menu of display themes to select what information you see and how you see it.

B / USB AND 12V PLUG-INS  Depending on the model you choose, you’ll never be far from a convenient power supply: up to six USB ports, four auxiliary power outlets and an available 110-volt outlet keep first- and second-row passengers connected and powered up. It’s the power to work.

C / THE COMFORT OF SECURITY  The 2015 Silverado HD is the first heavy-duty full-size pickup to offer all three of these advanced safety features: Forward Collision Alert, Lane Departure Warning and the Safety Alert Driver Seat. Together, they help alert the Silverado HD driver to potential hazards on the road. That’s safety on the job.

D / A SMARTER CONNECTION  Silverado HD’s available 8" diagonal LCD center touch-screen is your connection to Chevy MyLink. It’s your seamless connection to digital content. From the contacts you’ve got stored in your smartphone, to a selection of available on-screen apps, the screen provides instant access to information vital to your work. The available MyLink with Navigation System adds even more advanced intelligence.

E / FINGERTIP CONTROLS  Keep your eyes on the road while activating available Bluetooth® phone functions using steering-wheel-mounted controls. The system links your compatible device to Silverado’s audio system. You can change radio stations, set the cruise control and activate the available heated steering wheel.

F / CENTER CONSOLE FILE CABINET  Your truck is your second office—and maybe your first. With features like an available center console storage compartment designed to double as a file cabinet, you’ll have a place to keep everything organized when you’re on the go.

1 Not compatible with all devices.  2 Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data plan rates apply.  3 Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Map coverage available in the United States, Puerto Rico and Canada.  4 Go to gmtotalconnect.com to find out which phones are compatible with the vehicle.
At Chevrolet, we believe safety is as important to truck buyers as it is to car buyers. That is why the new Silverado HD sets a benchmark for pickup truck safety. Silverado offers the Driver Alert Package. The package includes Forward Collision Alert (FCA) to warn you when you’re rapidly approaching another vehicle and a collision is imminent, Lane Departure Warning (LDW) to alert you if you wander from your lane without using your turn signal, the Safety Alert Driver Seat that uses vibrations in the seat cushions to signal the direction of a potential hazard and Front and Rear Park Assist to help ease you into or out of tight spaces. Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner’s Manual for more important safety information.

SAFETY ALERT DRIVER SEAT The available Safety Alert Driver Seat helps warn the driver of potential traffic danger using directional vibration pulses from the seat cushion. The patented warning approach is tied into other on-board crash avoidance systems.

A / LANE DEPARTURE WARNING This available technology alerts the driver when Silverado HD drifts over a lane line without signaling while traveling at least 35 mph.

B / FORWARD COLLISION ALERT To help prevent frontal crashes, this available technology alerts drivers when they are closing in too quickly on a vehicle ahead. The warning gives the driver critical additional time to react and potentially avoid a crash.

ABS BRAKES Four-wheel, four-channel, antilock disc brakes (ABS) help provide straight, more controlled stops by preventing wheel lock-up in most road conditions.

REAR VISION CAMERA When Silverado HD’s transmission is in reverse, the available Rear Vision Camera with dynamic grid lines allows the driver to view objects directly behind the vehicle via the available 8” diagonal screen in the center stack. So it’s easier to back up, park or hook up a trailer.

SIX AVAILABLE AIR BAGS Silverado HD offers up to six air bags1 and a 360-degree sensor system, including single-stage frontal air bags, head-curtain side-impact air bags with rollover protection and seat-mounted side-impact air bags.

ONSTAR The safety and security of OnStar2 is available on Silverado HD. In the event of a crash, a vehicle sensor can automatically send an alert to a specially trained OnStar Advisor who can be immediately connected into your vehicle. Even if you can’t respond, OnStar can send whatever help you need, based on GPS coordinates, crash data and a prediction of injury severity.

---

1Air bag inflation can cause severe injury or death to anyone too close to the bag when it deploys. Be sure every occupant is properly restrained.  
2Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data.
EVERY PAYLOAD IS A PAYDAY.

Silverado HD offers the most innovative cargo box in its class, with features that let you customize the way you secure cargo. Four standard lower tie-downs and optional upper tie-downs can be attached in numerous locations, while integrated pocket handgrips and the CornerStep rear bumper make it easier to climb into the box. The available EZ-Lift and Lower Tailgate–dampened by a torsion spring–opens smoothly and can be closed with one hand. Available LED lamps under the bed rails make it easier to see items in the bed, even with a tonneau cover on. Standard bed rail protectors and an optional spray-in bedliner help avoid damage. Silverado HD is also equipped with the industry’s best pickup coverage. For more details on coverage, including 2-year/24,000-mile recommended scheduled maintenance,¹ please see the inside back cover under “Important Words.”

¹COVERS only scheduled oil changes with filter, single-axle or four-wheel tire rotations and 27-point inspections, according to your new vehicle’s recommended maintenance schedule for up to 2 years or 24,000 miles, whichever comes first. Does not include air filters. Maximum of four service events. See participating dealer for other restrictions and complete details.
SPRAY-IN BEDLINER

HANDGRIPS

AVAILABLE MOVABLE TIE-DOWNS

CORNERSTEP REAR BUMPER
Rugged luxury is taken to new heights in the Silverado High Country HD. The exclusive Saddle premium leather–trimmed interior pleases the eye and makes for a more sophisticated work environment. Unique chrome wheels, 6" chrome assist steps, mirror caps, door handles and grille insert contrast boldly with the body-color front and rear bumpers to outline the truck’s chiseled exterior. But it’s not all just good looks. We also outfitted the new High Country HD with a spray-in bedliner, power-sliding rear window, remote start, touch-screen radio with Silverado MyLink, Bose® premium audio, halogen projector-beam headlamps, Rear Vision Camera and a trailering package. And to set it apart from other competitive pickups, we built all-new available 4G LTE Wi-Fi right into the truck (available on models built after August 2014).
Z71 OFF-ROAD. GAME ON.
The available Z71 Off-Road Package features suspension upgrades designed for rugged off-road terrain, including Rancho® twin-tube shocks, an Underbody Skid Plate Package, all-terrain tires and Hill Descent Control. Inside and out, the Z71 has rugged looks, with a unique Z71 gauge cluster, including a unique Off-Road screen in the Driver Information Center, and grille. Custom Z71 graphics on the instrument cluster and pickup box, as well as brushed-aluminum sill plates and special interior accents, make this truck not only tough but stylish.
ACCESSORIES DONE RIGHT.

Simplify getting into and out of your Silverado with either 4” or 6” assist steps. A retractable side bed step provides another entry point for accessing the cargo bed. Preserve your Silverado’s appearance with a set of splash guards that help deflect mud and rocks. Chrome exhaust tips, a chrome fuel door and chrome recovery hooks provide nice visual accents that add a finishing touch to your customization. Ask your Chevrolet dealer about the full range of accessories for your Silverado.

A / RECOVERY HOOKS Add functionality and enhance the appearance of your Silverado with chrome recovery hooks.

B / LADDER RACK Engineered to deliver strong load support, these rack systems and ladder racks by TracRac®, a division of Thule®, are geared specifically for all trade professionals. They are made of heavy-duty steel to be aerodynamic and quiet.

C / ASSIST STEPS Make it easier to get into and out of your Silverado with these stylish steps. The 6” rectangular steps are aluminum and the 4” round steps are stainless steel.

D / STATIONARY TOOLBOX This durable, diamond-patterned aluminum toolbox handles up to 250 lbs. It features a removable sliding tray with rubber mat, dual gas shocks for smooth operation and a one-touch latch. It mounts securely to the bed without drilling and has the Chevy Bowtie logo. Not available with bed rug or any tonneau cover.

BED STEP Get easy access to your Silverado’s toolbox and other items in your truck bed with this retractable side step. It mounts on either side of the vehicle, just rear of the truck cab, to give a secure step to easily get to stuff in the front of your truck bed. No-hands, flip-down operation. Shown below.

See chevyaccessories.com to learn about additional options, which are updated regularly. Or talk to your local Chevy dealer.

1. Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.  
2. Gross Combined Weight Rating. When properly equipped, includes weight of the vehicle and trailer combination, including the weight of the driver, passengers, fuel, optional equipment and cargo in the vehicle and trailer.

SRW-Single Rear Wheel   DRW-Dual Rear Wheel  NOTE: All models are capable of up to 100 lbs maximum of permanently attached snow plow mounting hardware.  
3. Maximum weight (lbs) of removable snow plow blade and blade hardware. Maximum plow weights based on a vehicle with average manufacturer option content and 150 lbs each for driver and one additional front-seat occupant. Additional equipment and occupants will reduce maximum plow weight. Rear compensating weight may be required to maintain front axle weight below 65% of total vehicle weight when equipped with snow plow. Consult your snow plow manufacturer for specific compensating weight recommendation.

IMPORTANT WORDS
THE BEST PICKUP COVERAGE IN AMERICA

For 2015, Silverado HD comes with the industry’s best pickup coverage; it includes: 2-year/24,000-mile recommended scheduled maintenance,¹ 3-year/36,000-mile bumper-to-bumper limited warranty² and 5-year/100,000-mile powertrain limited warranty.³ Roadside Assistance and Courtesy Transportation.

Starting with the owner orientation—and full tank of gas—you receive when you take possession of your Silverado to this 24-Hour Roadside Assistance, Courtesy Transportation and Travel Benefits, you receive a portfolio of owner privileges that last throughout your warranty. For expert product information, Roadside Assistance or other services, call 1-800-243-8872.

TRAVEL BENEFITS AND ROADSIDE ASSISTANCE Available around the clock: trip routing service, a program for reimbursement for trip interruption due to necessary warranty repairs, towing, flat tire change, jump-starts and more for 5 years or 100,000 miles (whichever comes first).

COURTESY TRANSPORTATION Available at participating dealers: shuttle service, reimbursement of certain public transportation or fuel expenses for overnight warranty repairs, and courtesy rental for overnight work repairs. Coverage for 5 years or 100,000 miles (whichever comes first). See your dealer for details.

CHEVROLET OWNER CENTER A one-stop resource to enhance your Chevrolet ownership experience. It’s easy to sign up. Just go to gm.com/gmownercenter/chevrolet.

SIRIUSXM SATELLITE RADIO SiriusXM Satellite Radio is standard on most Silverado models (available on WT). It includes 3 trial months of service. SiriusXM Satellite Radio makes your drive come alive with commercial-free music channels from virtually every genre, artist-dedicated channels, live performances and more. Tune in to live play-by-play from the biggest sports, exclusive entertainment from top personalities, compelling talk, hilarious comedy, world-class news, local traffic and weather and family-friendly programming. Welcome to the world of satellite radio. Visit siriusxm.com for details.

CHEVROLET CERTIFIED SERVICE Certified Service To help your Silverado live up to its performance promise, Chevrolet Certified Service—found exclusively at your Chevrolet dealer—is there. With all the engineering excellence in Silverado, GM-trained technicians have the expertise to care for all of it.

A NOTE ON CHILD SAFETY Always use safety belts and the correct child restraint for your child’s age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner’s Manual and child safety seat instructions for more safety information.

ADDITIONAL NOTES TRAILERING AND OFF-ROAD INFORMATION Please carefully review the Owner’s Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximate based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times. All competitive claims are based on the latest information available at the time of printing and the GM Large Pickup segment.

BUYPOWER CARD® Now it’s even easier to get into the Chevrolet of your dreams. Every purchase gives you Earnings redeemable toward part or even all of a new Chevrolet, GMC, Buick or Cadillac. Every year, enjoy 5 percent Earnings on your first $5,000 in purchases and 2 percent unlimited Earnings after that. No expiration on Earnings and no limit on how much you can earn or redeem. Learn more at buypowercard.com. YOUR CARD IS THE KEY.™

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

ENGINES Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide.

CHEVROLET.COM See more of Silverado HD on our Web site: chevrolet.com. More photos and information; hot links to related subjects; convenient dealer locator; pricing guide, spec out your own vehicle. Or call 1-800-950-CHEV.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

NEW-VEHICLE LIMITED WARRANTY All Chevrolet light-duty vehicles come with a fully transferable, non-deductible 5-year/100,000-mile (whichever comes first) Powertrain Limited Warranty. GM vehicles registered in the USA are also covered for 3 years or 36,000 miles (whichever comes first). Coverage includes tires and towing to your nearest Chevrolet dealership. Repairs will be made to correct any vehicle defect and most warranty repairs will be made at no charge. In addition, rust-through corrosion will be covered for 6 years or 100,000 miles (whichever comes first). See dealer for details. The 2015 Silverado HD also offers a 2-year/24,000-mile maintenance plan.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

GMMOBILITY.COM (1-800-323-9935) GM Mobility offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

ACCESSORIES Most Chevrolet parts and accessories sold and installed on a Chevrolet vehicle by a Chevrolet dealer or a Chevrolet-approved Accessory Distributor/Installer (ADI) before delivery to the customer are covered under applicable portion (Bumper-to-Bumper, Powertrain, etc.) of the New-Vehicle Limited Warranty. If Chevrolet accessories are installed after vehicle delivery, or are replaced under the New-Vehicle Limited Warranty, they will be covered, parts and labor, for the longer of the following: a) 12 months/12,000 miles (whichever comes first), or b) the balance of the applicable portion of the New-Vehicle Limited Warranty. See your dealer for details.

Some vehicles are shown with equipment from an independent partner. Chevrolet-licensed and Integrated Business Partner Accessories are covered under the accessory-specific manufacturer’s warranty and are not warranted by Chevrolet or its dealers. Chevrolet is not responsible for the safety or quality of independent supplier alterations.

¹Covers only scheduled oil changes with filter, single-axle or four-wheel tire rotations and 27-point inspections, according to your new vehicle’s recommended maintenance schedule for up to 2 years or 24,000 miles, whichever comes first. Does not include air filters. Maximum of four service events. See participating dealer for other restrictions and complete details. ²Whichever comes first. See dealer for limited warranty details. ³If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travellink.
