THE POSSIBILITIES ARE ENDLESS.

Whatever you need to do and wherever you need to go, Traverse has the capability to get it done. So it’s no wonder Traverse was named 2016 Best Large SUV by U.S. News & World Report.

A closer look reveals Traverse offers something for everyone. Spacious seating for up to eight [1] impressive class-leading maximum cargo space. Upscale amenities like an available built-in 4G LTE Wi-Fi® hotspot. And innovative features that include available active safety technologies and an available industry-first Front Center Air Bag [2].

All wrapped around a richly refined interior and boldly styled exterior designed to turn heads.

With so much going on, it’s easy to see why Automotive Science Group™ put Traverse on its list for 2016 Best 5 All-Around Performance.
EXTERIOR DESIGN

1. BETTER TO BE SEEN. Available turn signals on side mirrors help contribute to safe driving.

2. BRIGHTEN YOUR DRIVE. Amenities such as standard dual-lamp halogen headlamps and daytime running lamps provide a brilliant way to see and be seen.

3. MAXIMIZE SPACE AND PERFORMANCE. Designed for you and your family with best-in-class maximum cargo space, Traverse has the room to cover every possibility. Plus, Premier models feature a dual exhaust with bright tips that not only looks good, but also enhances horsepower.
INTERIOR DESIGN

COMFORT AND CONTROL. Premier model amenities include heated/cooled driver and front passenger seats, a heated steering wheel and tri-zone automatic climate controls.

DETAIL-ORIENTED. Distinctive leather-appointed first- and second-row seats with perforated inserts are standard on Premier, giving Traverse an exceptional feel.

HARMONIOUS BENEFITS. The 10-speaker Bose® premium sound system (standard on Premier and 2LT) is engineered specifically to the acoustics of Traverse.

EFFORTLESS NAVIGATION. Get directions at the push of a button with OnStar® Turn-by-Turn Navigation, standard for six months with the Guidance Plan. Or go for the available Chevrolet MyLink® Radio with Navigation, featuring full GPS guidance, along with a 3-month trial of SiriusXM NavTraffic and Local Forecast weather.

HIDDEN GEMS. There’s plenty of storage throughout Traverse. The comfortably accommodating front-row center armrest includes space inside for small items. And when you slide the armrest backward, even more room is revealed.
1. FOR YOUR VIEWING PLEASURE. A dual SkyScape® power front sunroof and fixed rear skylight with sunshade is available on LT and Premier models.

2. AN UPSCALE ENVIRONMENT. Enjoy premium soft touch materials and ambient lighting on Premier models.

3. INTELLIGENT ACCESS. With a single hand movement, the Smart Slide® second-row seat slides out of the way for unobstructed access to the third-row bench seat.

SPACE TO FILL COMPETITORS WITH ENVY. With 116.3 cubic feet of maximum cargo space1 and 24.4 cubic feet behind the third row, Traverse is best-in-class.

SIMPLE TOUCHES. Press a button on the key fob and the available power-remote liftgate opens to make loading and unloading carefree. Ready, set and open with ease.

A SENSE OF SERENITY. Traverse features a tuned Acoustic Insulation Package with sound-blocking materials for a remarkably hushed ride.

GREAT ROOM FOR UP TO EIGHT. Traverse is all about options. Standard seating for eight includes second- and third-row flat-folding 60/40 split-bench seats (standard on LS Base, LS and LT; available on LT and LT). Or choose 7-passenger seating with second-row flat-folding captain’s chairs (available on LT and standard on LT and Premier).
STREAM SEAMLESSLY. Chevrolet is the first and only car company to offer built-in 4G LTE Wi-Fi® and seamless connectivity. You can seamlessly connect up to seven devices to the Internet with great signal quality and bandwidth.

ON-COMMAND CONNECTIVITY. With available Chevrolet MyLink®, you can handle calls effortlessly, play music and easily access contacts from your compatible smartphone simply by touching the 6.5-inch diagonal color touch-screen or through voice commands.

HANDS-FREE AND HASSLE-FREE. Bluetooth® wireless technology and steering wheel controls add seamless smartphone integration into your daily commute. You can also receive Text Message Alerts and stream music from online sources like available Pandora® Internet Radio and Stitcher SmartRadio™.

1 Requires a data plan, compatible vehicle and compatible device. Some features require the key installed and reset to a paper label. The Premium Navigation System or active OnStar service.
2 Map coverage available in the United States, Puerto Rico and Canada. Requires a compatible mobile device, active OnStar service and data plan.
3 MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. MyLink on Traverse does not include Gracenote functionality.
4 Go to my.chevrolet.com/learn to find out which phones are compatible with the vehicle.
5 Visit my.chevrolet.com/learn for vehicle and smartphone eligibility.
6 Data plan rates apply.
7 Requires available Chevrolet MyLink and compatible iPhone running iOS 6 or later. iPhone and Siri are trademarks of Apple Inc., registered in the U.S. and other countries.

TECHNOLOGY

1. REVERSE WITH CONFIDENCE. The standard rear vision camera uses a 6.5-inch diagonal color touch-screen to show the area behind your Traverse when backing up.
2. myChevrolet Mobile App. This mobile app gives you access to your vehicle even when you’re nowhere near it. Simply download the app to your compatible smartphone and, if your vehicle is properly equipped, you’ll be able to start or turn off the engine, lock/unlock the doors, send destinations to the available navigation system, view key vehicle diagnostic information, set parking reminders and more.
3. SMOOTH SAILING. A rear-seat DVD player with overhead display is available on LT and Premier models, keeping your kids entertained during long trips.

WHAT MORE BRING TO CHEVY?/TRANSFERS

STREAM SEAMLESSLY. Chevrolet is the first and only car company to offer built-in 4G LTE Wi-Fi® and seamless connectivity. You can seamlessly connect up to seven devices to the Internet with great signal quality and bandwidth.

ON-COMMAND CONNECTIVITY. With available Chevrolet MyLink®, you can handle calls effortlessly, play music and easily access contacts from your compatible smartphone simply by touching the 6.5-inch diagonal color touch-screen or through voice commands.

HANDS-FREE AND HASSLE-FREE. Bluetooth® wireless technology and steering wheel controls add seamless smartphone integration into your daily commute. You can also receive Text Message Alerts and stream music from online sources like available Pandora® Internet Radio and Stitcher SmartRadio™.

ALL EYES AHEAD. For compatible iPhone® users, Siri® Eyes Free allows limited hands-free interaction for those times when you want to read or compose a short message, make a phone call or play your favorite music.
PERFORMANCE

POWERED BY PERFORMANCE. Traverse is built to go places, with more horsepower and torque than the 2016 Toyota Highlander. The 3.6L V6 engine generates up to 288 horsepower and offers an EPA-estimated 22 MPG highway.

TONS OF TOWING POWER. A properly equipped Traverse can tow up to 5,200 lbs. That’s capability unrivaled by any 2016 Ford Explorer or 2016 Toyota Highlander.

CONFIDENTLY IN CONTROL. Available all-wheel drive helps maintain sure-footed traction in all types of weather and road conditions. The tuned 4-wheel independent suspension delivers confident response and an ultra-smooth ride.

2016 estimate for Traverse FWD models. 2 EPA-estimated dual exhaust. 3 Equipped with dual exhaust equipment. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

270 Lb.-Ft. Torque

22 MPG Highway

3.6L  V6 ENGINE

Traverse Premier in Tungsten Metallic with available features.
SAFETY STARTS WITH YOU. Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the Owner's Manual for more important safety information.

SAFETY LOOKS AROUND, TO HELP KEEP YOU SAFE AND SOUND.

Whether you’re on the road or in a parking lot, the available-innovative active safety technologies in Traverse use strategically located cameras and sensors to help warn you of potential collisions.

FORWARD COLLISION ALERT. This safety feature continually monitors how close your vehicle is to the vehicle in front of you. If the system determines that a front-end collision with a detected vehicle is imminent, it alerts the driver to a potential crash. It also warns the driver if their Traverse is following a detected vehicle too closely (standard only on Premier).

SIDE BLIND ZONE ALERT. With radar sensors on both sides of the vehicle, available Side Blind Zone Alert helps to “look” for other vehicles in your side mirror blind zones and indicates their presence with LED-lit symbols in the exterior mirrors.

REAR CROSS TRAFFIC ALERT. This available feature alerts you to crossing traffic behind your Traverse when backing up. Audible warnings, as well as visual alerts on the rear vision camera screen, are triggered if approaching vehicles are detected.

LANE DEPARTURE WARNING. If you unintentionally change lanes without a turn signal, this camera-based system sends an alert. The camera, mounted near the driver, reads traffic lane markings when identifiable and provides audible and visual alerts (standard only on Premier).

REAR VISION CAMERA. The rear vision camera with dynamic guiding lines uses the 6.5-inch diagonal color touch-screen display to show the area behind your Traverse while you are backing up.

REAR PARK ASSIST. This available feature helps you back up by sounding an audible alert and providing visual indication on the rear vision camera display when it detects certain stationary objects up to eight feet behind the vehicle.

INDUSTRY-FIRST FRONT CENTER SIDE-IMPACT AIR BAG. The available Front Center Air Bag deploys from the right side of the driver seat and positions itself between the front seats for added cushioning and restraint to help protect the driver and passenger from colliding with one another in the event of a side-impact collision.

TRAVERSE LOOKS AROUND, TO HELP KEEP YOU SAFE AND SOUND.

A NOTE ON CHILD SAFETY: Always use safety belts and the correct restraint for your child’s age and size, even with air bags. Air bags are safer when properly secured to the vehicle structure. Always place a rear-facing infant seat in the back seat of any vehicle equipped with any air bags. See the Owner’s Manual for more child safety information.
