YUKON DENALI: MAKES A STATEMENT, ADDS AN EXCLAMATION POINT.

For 2015, the ultimate expression of Professional Grade arrives in the form of Yukon Denali. Signature Denali styling begins with its three-dimensional grille, projector-beam HID headlamps and chrome accents and continues with available 22” wheels and optional power-retractable assist steps with perimeter lighting.

DISTINCTIVE DENALI GRILLES.
BRIGHT ACCENTS ON DOOR HANDLES, ROOF RACK AND LIFTGATE.

PROJECTOR-BEAM HIGH-INTENSITY DISCHARGE (HID) HEADLAMPS.
UNIQUE FRONT AND REAR LED SIGNATURE LIGHTING.

BRIGHT ACCENTS ON DOOR HANDLES, ROOF RACK AND LiftGATE.
PROJECTOR-BEAM HIGH-INTENSITY DISCHARGE (HID) HEADLAMPS.
UNIQUE FRONT AND REAR LED SIGNATURE LIGHTING.
NEW INLAID DOORS REDUCE WIND NOISE AND IMPROVE AERODYNAMICS.
REDESIGNED LIFTGATE SPOILER REDUCES WIND DRAG FOR ENHANCED EFFICIENCY AND CLEVERLY HOUSES THE WIPER (HIDDEN WHEN NOT IN USE).

LAMINATED WINDSHIELD AND FRONT DOOR GLASS ENHANCE QUIETNESS.
NEWLY SCULPTED OUTSIDE MIRRORS REDUCE RESISTANCE TO HELP IMPROVE AIRFLOW.

The 2015 Yukon was purposefully designed for efficient aerodynamics. The goal was to make it appear smaller to the wind for reduced wind noise and improved efficiency. Bold, sculpted lines glide from the three-dimensional grille and over the inlaid doors for smooth, uninterrupted airflow.

YUKON: A BOLD LEAP IN AERODYNAMICS.

SHINING EXAMPLES OF REFINEMENT.

Yukon’s bold lines and striking looks are complemented by design innovations such as available illuminated assist steps and a rear window wiper concealed under the spoiler. These options show that when limits are pushed, there’s no compromise between convenience and style.

POWER-RETRACTABLE ASSIST STEPS WITH PERIMETER LIGHTING Yukon Denali models offer illuminated power-retractable assist steps that automatically extend when the front- or second-row doors are opened to provide easy, lighted access. They retract when the doors close for an uncluttered profile.

SIGNATURE LIGHTING Yukon introduces new projector-beam headlamps (HID on Denali). They create a distinctive appearance, with front and rear “C”-shaped LED signature lighting.

PASSIVE ENTRY With Yukon’s key fob in your pocket, its available passive entry system allows access to all four doors as well as the liftgate. Then, upon exit, this feature will automatically lock the vehicle several seconds after all doors are closed.

WHEEL STYLING Yukon’s new exterior design is fully complemented with an equally striking selection of available 18”, 20” and, on Denali, 22” wheels in various finishes.

REAR SPOILER Located on top of the liftgate, the new spoiler houses a repositioned window wiper that is hidden when not in use for a clean, uncluttered appearance.

EXTERIOR FEATURES SHINING EXAMPLES OF REFINEMENT.

Both Yukon and Yukon Denali raise the standards for quietness. Acoustic laminated windshield and front door glass, triple door seals, a new engine compartment barrier and damping materials in floor sheet metal all help keep noises from entering the cabin. Yukon Denali adds Bose® Active Noise Cancellation to tune out additional disturbances. As a result, you’ll enjoy the quietest Yukon ever—in fact, there’s no quieter SUV in its class, with noise sealing improved by 33 percent. In Yukon Denali, premium surroundings abound thanks to authentic materials, Bose Centerpoint® surround sound system and new available four-color head-up display.

PERFORATED FIRST- AND SECOND-ROW LEATHER-APPOINTED SEATING.
YUKON TAKES YOUR ENJOYMENT SERIOUSLY.

Yukon’s all-new instrument panel and Driver Information Center put driver controls and entertainment options a fingertip or a voice command away. At the center of it all is the Color Touch Audio System with IntelliLink®, featuring an 8” diagonal display, to provide a personalized audio experience and seamless integration of personal devices. Yukon Denali adds a new Customizable Driver Display so you can choose not only what information you see, but how you see it. Denali also offers a new four-color Head-Up Display to help keep your eyes on the road. And to start it all, Yukon offers the convenient luxury of push-button start.

Not compatible with all devices.
GMC designers understand that you and your companions rarely travel without plenty of accessories. That’s why you’ll find generous storage compartments thoughtfully integrated throughout Yukon’s cabin. An expanded center console offers room for laptops, tablets and whatever else you can’t live without. There are handy upper and lower door pockets and cupholders so everyone has a place for smaller carry-ons and, of course, refreshments.

Household-style 110-volt three-prong outlet provides passengers with a convenient charge.

All-new under-floor cargo management system keeps things organized and secure.

New cleverly arranged door storage includes a mid-door shelf, an additional cupholder and map pockets in second-row doors.

A storage area is conveniently hidden behind the center-mounted display and includes a USB outlet.

Not compatible with all devices.
EASILY GOES FROM PEOPLE TO CARGO IN UNDER 5 SECONDS. FLAT.

With the touch of a button, Yukon’s new available second- and third-row power fold-flat seats turn generous passenger room into an equally generous cargo area. It’s a luxury no other competitor offers. For even more flexibility, second-row seats offer an easy-to-use, power-release fold and tumble feature. To provide second-row passengers with easier access, we’ve also increased the size of the second-row doors.

EAD UP TO EIGHT WITH AVAILABLE POWER FOLD-FLAT REAR SEATS OR UP TO NINE IN 2SL WITH FIRST-ROW BENCH SEAT.
LOWER THE SECOND AND THIRD ROWS FOR A FLAT CARGO AREA.
THE NEW HEIGHT-ADJUSTABLE POWER LIFTGATE IS AVAILABLE FOR EFFORTLESS ACCESS TO THE CARGO AREA.
ADAPTS TO YOUR NEEDS WITH THE TOUCH OF A BUTTON.

PERSONALIZED ENTERTAINMENT: Yukon features the new GMC 8” diagonal Color Touch Sound System with IntelliLink. Featuring a full-color screen, IntelliLink adds hands-free, voice-activated control of your communication and entertainment. Stream Pandora internet radio through your smartphone or sync your MP3 music. My Media connects media libraries from multiple devices to Yukon. You can even store frequently used phone contacts for quick access.

FOUR-COLOR HEAD-UP DISPLAY (HUD): Inspired by fighter aircraft technology, this Denali-exclusive system projects important driving information at eye level. Without taking your eyes off the road, see speedometer and rpm, Forward Collision Alert, Lane Departure Warning, adaptive cruise control, transmission position and Turn-by-Turn Navigation information.

PUSH-BUTTON START: With the key fob in your pocket, simply touch a button to bring Yukon to life with this available feature.

FRONT-AND-CENTER STORAGE: A hidden storage compartment is ingeniously located behind the articulating radio screen in the center stack. It includes a USB outlet to charge your phone or media device in a handy out-of-the-way location.

BOSE® AUDIO SYSTEM: Yukon’s Bose system is engineered to allow you to hear each and every note just as the musician intended. It features nine premium speakers and a center-mounted subwoofer for rich bass tones to create a fuller listening experience.

BOSE CENTERPOINT® SURROUND SOUND: For the sensation of a live performance, Denali models include a 10-speaker surround sound system with SurroundStage® signal processing. This technology, along with AudioPilot® noise compensation, delivers five independent channels from existing two-channel recordings.

BLU-RAY/DVD REAR-SEAT ENTERTAINMENT SYSTEM: This available system includes a Blu-ray/DVD player and a 9.2” diagonal flip-down display. Yukon XL and XL Denali models feature two screens, with one screen specifically for the third-row passengers. This system is compatible with most popular video gaming systems.

CONNECTIVITY: Depending on the model you choose, you’ll never be far from a convenient power supply: up to six USB ports, five 12-volt auxiliary power outlets and a new 110-volt outlet located in the second row keep first- and second-row passengers connected and powered up.

AMBIENT AIR VENTILATION: In a segment first, front-row passengers enjoy enhanced comfort thanks to a strategically positioned ambient air vent. Inspired by the indirect heating and cooling of your home or office, you’ll feel the temperature change without the harshness of having a fan blowing directly on you. PREMIUM SURROUNDINGS: Yukon surrounds you with a soft-touch instrument panel, console and door panel materials, and comfortable, durable perforated leather-appointed seats with contrasting French seam stitching.

CUSTOMIZABLE DRIVER DISPLAY: Choose Yukon Denali, and a reconfigurable gauge cluster allows you to personalise the new 8” diagonal customizable Driver Display for optimized information placement. The display’s menu can be navigated with steering-wheel-mounted controls. Driver alerts are also clearly displayed.

VOICE AND TOUCH-SCREEN NAVIGATION: In response to your voice or touch commands, Yukon’s available Navigation System displays 2-D or 3-D map graphics on the 8” diagonal center-mounted screen. MyTraffic® (3 trial months of SiriusXM) incorporates real-time traffic and road conditions into the screen, directing you to the most efficient route.

With the key fob in your pocket, simply touch a button to bring Yukon to life with this available feature.

FRONT-AND-CENTER STORAGE
A hidden storage compartment is ingeniously located behind the articulating radio screen in the center stack. It includes a USB outlet to charge your phone or media device in a handy out-of-the-way location.

BOSE® AUDIO SYSTEM
Yukon’s Bose system is engineered to allow you to hear each and every note just as the musician intended. It features nine premium speakers and a center-mounted subwoofer for rich bass tones to create a fuller listening experience.

BOSE CENTERPOINT® SURROUND SOUND
For the sensation of a live performance, Denali models include a 10-speaker surround sound system with SurroundStage® signal processing. This technology, along with AudioPilot® noise compensation, delivers five independent channels from existing two-channel recordings.

BLU-RAY/DVD REAR-SEAT ENTERTAINMENT SYSTEM
This available system includes a Blu-ray DVD player and a 9.2” diagonal flip-down display. Yukon XL and XL Denali models feature two screens, with one screen specifically for the third-row passengers. This system is compatible with most popular video gaming systems.

CONNECTIVITY
Depending on the model you choose, you’ll never be far from a convenient power supply: up to six USB ports, five 12-volt auxiliary power outlets and a new 110-volt outlet located in the second row keep first- and second-row passengers connected and powered up.

AMBIENT AIR VENTILATION
In a segment first, front-row passengers enjoy enhanced comfort thanks to a strategically positioned ambient air vent. Inspired by the indirect heating and cooling of your home or office, you’ll feel the temperature change without the harshness of having a fan blowing directly on you.

PREMIUM SURROUNDINGS
Yukon surrounds you with a soft-touch instrument panel, console and door panel materials, and comfortable, durable perforated leather-appointed seats with contrasting French seam stitching.

CUSTOMIZABLE DRIVER DISPLAY
Choose Yukon Denali, and a reconfigurable gauge cluster allows you to personalize the new 8” diagonal color Customizable Driver Display for optimized information placement. The display’s menu can be navigated with steering-wheel-mounted controls. Driver alerts are also clearly displayed.

VOICE AND TOUCH-SCREEN NAVIGATION
In response to your voice or touch commands, Yukon’s available Navigation System displays 2-D or 3-D map graphics on the 8” diagonal center-mounted screen. Account set-up and sync, Forward Collision Alert, Lane Departure Warning, adaptive cruise control, transmission position and Turn-by-Turn Navigation information are also displayed.

PUSH-BUTTON START
With the key fob in your pocket, simply touch a button to bring Yukon to life with this available feature.

FRONT-AND-CENTER STORAGE
A hidden storage compartment is ingeniously located behind the articulating radio screen in the center stack. It includes a USB outlet to charge your phone or media device in a handy out-of-the-way location.
EFFICIENTLY POWERFUL. POWERFULLY EFFICIENT.

The all-new Yukon (EcoTec3) engine family features GMC’s latest technologies: Direct Injection (DI), Active Fuel Management (AFM) and continuously Variable Valve Timing (VVT) to deliver power, and in the 6.2L V-8, the best fuel efficiency in a full-size SUV. It generates 420 hp, 460 lb-ft of torque and 22 mpg Hwy. For even more power and torque, Yukon Denali features a 6.2L V-8 with class-leading horsepower and torque. Both engines translate all of that to the road through our proven electronically controlled Hydra-Matic 6-speed automatic transmission.

1 EPA-estimated mpg: 16 city/23 hwy (2WD), 16 city/22 hwy (4WD) with 5.3L V-8 engine. Fuel economy estimates for 6.2L V-8 engine not yet available. Segment-leading horsepower (420) and torque (460 lb-ft) with the 6.2L V-8 in Yukon Denali.
PERFORMANCE

EFFICIENTLY POWERFUL. POWERFULLY EFFICIENT.

The all-new Yukon EcoTec3 engine family features GMC’s latest technologies: Direct Injection (DI), Active Fuel Management (AFM) and continuously Variable Valve Timing (VVT) to deliver power, and in the 6.2L V-8, the best fuel efficiency in a full-size SUV. It generates 355 hp, 383 lb-ft of torque and 23 mpg hwy. For even more power and torque, Yukon Denali features a 6.2L V-8 with class-leading horsepower and torque. Both engines translate all of that to the road through our proven electronically controlled Hydra-Matic 6-speed automatic transmission.

1 EPA-estimated mpg; 16 city/23 hwy (2WD), 16 city/22 hwy (4WD) with 5.3L V-8 engine. Fuel-economy estimates for 6.2L V-8 engine not yet available. 2 Segment-leading horsepower (420) and torque (460 lb-ft) with the 6.2L V-8 in Yukon Denali.
CORROSION-RESISTANT DURALIFE BRAKE ROTORS
To reinvent the brake rotor, GMC engineers used Ferritic Nitro-Carburizing (FNC) technology, which can help double rotor life. FNC is a patented, GM-exclusive corrosion protection process designed to help prolong rotor life by hardening the rotor surface. It provides protection against rust to help prevent steering-wheel shudder when applying the brakes.

FOUR-WHEEL-DRIVE SYSTEM
Yukon’s available four-wheel-drive system allows you to switch between two-wheel drive for optimum fuel efficiency and four-wheel drive for much-needed additional traction and control.

FOUR-WHEEL DISC BRAKES
The new stopping system improves pedal feel for a stronger, more confident braking performance. In fact, it allows the 2015 Yukon to stop nearly 10 feet shorter than previous Yukon models.

FULLY BOXED FRAME
Yukon’s new frame is constructed with 75 percent high-strength steel for maximum people- and cargo-carrying capability.

WIDER IS BETTER
For improved stability and more confident cornering, Yukon now features a wider rear track. And new wider wheels reduce tire flex for improved cornering, while new low-rolling-resistance tires aid in fuel efficiency.1

ELECTRIC VARIABLE-ASSIST POWER STEERING
The new electric variable-assist power rack-and-pinion steering system improves fuel efficiency versus engine-powered systems. It provides less assist at highway speeds for a solid on-center feel, and more assist for less steering effort when you’re maneuvering in tight spaces.

SHEAR-STYLE BODY MOUNTS
Connecting the body to the frame are new high lateral-rate and redesigned hydraulic body mounts. You’ll enjoy improved comfort and reduced interior noise. The new shear-style mounts dampen side-to-side vibrations, while the new hydraulics mounts dampen vertical vibrations.

1 EPA-estimated mpg. 20 city/23 hwy (2WD), 17 city/22 hwy (4WD) with 5.3L V-8 engine. Fuel-economy estimates for 6.2L V-8 engine not yet available.

Yukon's electronic stability control (STABILITRAK) system helps improve stability by reducing traction loss. Sensing when Yukon isn’t responding to steering inputs, it adjusts engine speed and applies brake pressure to any wheel to help maintain directional control. To mitigate rollovers, it anticipates a vehicle “tip up” situation, rapidly braking to help reduce lateral forces and the likelihood of a rollover.

**HILL START ASSIST**

Sensors automatically detect when Yukon is on a 5 percent grade or more. It holds the brakes momentarily or until the accelerator is pressed, preventing rollback. It’s most effective when trailering, providing time to switch from the brake to the accelerator without rolling.

**TOW/HAUL MODE**

Providing more power to accelerate when trailering or hauling heavy loads, T ow/Haul mode raises transmission upshift points. It also helps reduce speed by using engine compression to slow Yukon instead of merely braking.

**TRAILER SWAY CONTROL**

Keep both you and your trailer heading in the same direction, automatically. The system uses StabiliTrak sensors to detect a swaying trailer, applying both Yukon’s and the trailer’s brakes (if properly equipped) to help bring it back in line.

**TRAILER BRAKE CONTROLLER**

For fingertip control and easy monitoring of your trailer brakes, there’s an available integrated trailer brake controller. Now conveniently located to the left of the steering wheel, it displays the level of brake force or “gain” in the Driver Information Center.

**ENGINEERED FOR THE LONG HAUL.**

Everything about Yukon is designed and engineered for ease of travel, including pulling your recreational equipment. For 2015, Yukon offers a maximum trailer weight rating of up to 8500 lbs.1

1 Requires 5.3L V-8 inbz瀚EbHn (“Yukon SLT in QuickSilver Metallic” shown with available equipment. ENGINEERED FOR THE LONG HAUL. Everything about Yukon is designed and engineered for ease of travel, including pulling your recreational equipment. For 2015, Yukon offers a maximum trailer weight rating of up to 8500 lbs.1

1 Requires 5.3L V-8 and Heavy-Duty Trailering Package. Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow.

**AUTOMATIC LOCKING DIFFERENTIAL**

Without pushing buttons, this feature directs power to the rear wheel with the most traction on loose gravel or slippery surfaces.

**AUTO BRAKE BRAKING**

This feature automatically applies when you want to slow your Yukon and engages a brake braking assist pattern within the transmission to help maintain your desired speed.

**HILL START ASSIST**

Sensors automatically detect when Yukon is on a 5 percent grade or more. It holds the brakes momentarily or until the accelerator is pressed, preventing rollback. It’s most effective when trailering, providing time to switch from the brake to the accelerator without rolling.

IN YUKON, SAFETY IS FRONT AND CENTER.

It all starts with the industry-first and GM-exclusive Front Center Air Bag designed to protect you and your front-seat passenger. From there, Yukon includes a comprehensive array of driver alert technologies, engineered using the concept that the best way to handle a collision is to avoid it. Yukon offers the Driver Alert Package that includes Forward Collision Alert, Lane Departure Warning and the Safety Alert Driver Seat.

**FRONT CENTER AIR BAG** The Front Center Air Bag is designed to help protect drivers and front-seat passengers in side-impact collisions where the affected occupant is hit on the opposite, non-struck side of the vehicle.

**FORWARD COLLISION ALERT** The available Forward Collision Alert warns you when your Yukon is rapidly approaching another vehicle and it appears a collision is imminent.

**LANE DEPARTURE WARNING** The available Lane Departure Warning alerts you if you wander from your lane without using your turn signal.

**SIDE BLIND ZONE ALERT** The available radar-equipped sensors monitor Yukon’s blind spots, alerting the driver via visual warnings to help reduce the risk of collisions.

**LANE CHANGE ALERT** Working with Side Blind Zone Alert, this available system uses long-range (up to 230 feet) radar to help detect and warn you of fast-approaching traffic in the next lane.

**REAR CROSS TRAFFIC ALERT** Monitoring your surroundings and working with the Rear Vision Camera System, it sends audio and visual warnings, alerting you to cross traffic while backing up in a parking lot or driveway.

**ADAPTIVE CRUISE CONTROL** This available technology detects a vehicle ahead and automatically adjusts Yukon’s speed to maintain a steady driving distance. It also includes Crash Imminent Braking that automatically slows Yukon down to help prevent an impact.

**ENHANCED SECURITY PACKAGE** To help ensure that it remains in your possession, the 2015 Yukon surrounds itself with this available package that includes glass breakage sensors, vertical movement sensors, interior motion detectors, door lock shields and numerous other theft-deterrent technologies to keep potential thieves at bay.

**SAFETY ALERT DRIVER SEAT** Forward Collision Alert, Lane Departure Warning and Rear Park Assist provide visual alerts and allow you to choose from additional audible signals or the new available Safety Alert Driver Seat, which uses directional vibrations to help warn you of a potential collision.

**ADAPTIVE CRUISE CONTROL** This available technology detects a vehicle ahead and automatically adjusts Yukon’s speed to maintain a steady driving distance. It also includes Crash Imminent Braking that automatically slows Yukon down to help prevent an impact.

A NOTE ON CHILD SAFETY: Always use safety belts and the correct child seat for your child’s age and size, even with ONSTAR® Senses. The following are examples of what to do when properly installed: When rear-facing, the child should be placed in the rear seat where the available air bags are not deployable. When forward-facing, the child should be placed in the forward-facing child seat where the available air bags are deployable. Best performance is achieved when the child does not lean forward and slouch. Buckle up your children, young and old, and start the turn signal.

**FRONT CENTER AIR BAG** The available Front Center Air Bag is designed to help protect drivers and front-seat passengers in side-impact collisions where the affected occupant is hit on the opposite, non-struck side of the vehicle.

**FORWARD COLLISION ALERT** The available Forward Collision Alert warns you when your Yukon is rapidly approaching another vehicle and it appears a collision is imminent.

**LANE DEPARTURE WARNING** The available Lane Departure Warning alerts you if you wander from your lane without using your turn signal.

**SIDE BLIND ZONE ALERT** The available radar-equipped sensors monitor Yukon’s blind spots, alerting the driver via visual warnings to help reduce the risk of collisions.

1 NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child’s age and size, even with air bags. Always follow all Federal child restraint laws and vehicle instructions. Always check for proper fit and use of dual-stage air bags and rear-facing child seats. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active passenger sensing system. If the vehicle is equipped with a Supplemental Passenger Side Impact Air Bag, the infant must be in the rear seat. If the vehicle is equipped with an active passenger sensing system, never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active passenger sensing system and never place it in the rear seat of a vehicle equipped with a Supplemental Passenger Side Impact Air Bag. Always check your vehicle owner’s manual and child safety seat instructions for more safety information.

2 Before making a lane change, always check the Side Blind Zone Alert display, check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal.
ONSTAR FEATURES

AUTOMATIC CRASH RESPONSE: In many crashes, built-in sensors can automatically alert an OnStar Advisor who is immediately connected into your vehicle to see if you need help—even if you can’t respond.

CRISIS ASSIST: During severe weather or other crisis situations, OnStar can provide a quick, central point of contact when you need emergency assistance, navigation help or information.

EMERGENCY SERVICES: One push of the red emergency button gives you a priority connection to an Advisor who can direct emergency service providers to your exact location.

ROADSIDE ASSISTANCE: If you need an emergency tow, lockout service or help with a flat tire, just push the blue OnStar button and an Advisor can direct help to your exact location—it’s all a part of your OnStar subscription.

SECURITY FEATURES: Remote Door Unlock, Remote Horn and Lights and Stolen Vehicle Assistance provide help when you need it.

THERE WHEN YOU NEED US.

Standard for 6 months, the OnStar Directions & Connections Plan lets you speak to a live OnStar Advisor just by pressing the blue OnStar button in your vehicle.

HANDS-FREE CALLING® WITH VOICE COMMAND: Available OnStar Hands-Free Calling is a built-in service in case your cell phone is unavailable, out of range or has a low battery. Just push a button and say the number to make a call.

TURN-BY-TURN NAVIGATION: Push your blue OnStar button and tell the Advisor where you want to go, and directions will be downloaded to your Yukon.

ONSTAR NAVI WITH MAPQUEST.COM: Get a head start on a trip by checking out your destination on Mapquest.com and then clicking the “Send” link. Directions will be sent to your Yukon.

DESTINATION DOWNLOAD: With the optional Navigation System, an Advisor can download directions to your Yukon’s navigation screen.

ONSTAR REDEMTION® KEY FOB SERVICES: OnStar RemoteLink Key Fob Services are included for 5 years on OnStar-equipped 2014 and newer vehicles. Download the app and use RemoteLink services during the 6-month trial period and any consecutive periods with an OnStar plan. Includes remote door unlock and lock, remote start and stop and remote horn and lights.

GMC PRO GRADE PROTECTION, PROFESSIONAL GRADE COVERAGE.

Pro Grade Protection is standard on every 2015 Yukon. From scheduled maintenance in protecting your entire vehicle, you can drive with confidence.

2-YEAR/24,000-MILE RECOMMENDED SCHEDULED MAINTENANCE®

3-YEAR/36,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY®

5-YEAR/100,000-MILE POWERTRAIN LIMITED WARRANTY®

Covers only scheduled oil changes with filter, four-wheel or single-rear-wheel tire rotations and 27-point inspections, according to your new vehicle’s recommended maintenance schedule, for up to 2 years or 24,000 miles, whichever comes first. Does not include air filters. Maximum of four service events. See participating dealer for other restrictions and complete details.

Whichever comes first. See dealer for limited warranty details.

Visit onstar.com for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers. Services vary by model and conditions.

Visit onstar.com for vehicle availability, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data.

Roadside service provided by Allstate Roadside Services.

Services vary by model and conditions.

OnStar Hands-Free Calling requires existing OnStar service contract and prepaid minutes. Not available in certain markets. Calls can be made in U.S. and Canada only. Visit onstar.com for coverage map, details and system limitations.

Available on select Apple,® Android,™ BlackBerry® and Windows® devices. Services vary by device, vehicle and conditions. Requires an active OnStar subscription, standard for 6 months.

Access is available for 5 years from the date of vehicle delivery and is transferable. Does not include any emergency services or other OnStar services. To cancel RemoteLink Key Fob Services, or if your vehicle is sold, it is important to contact an OnStar Advisor. See onstar.com/mobile for full details.

Standard for 6 months, the OnStar Directions & Connections Plan lets you speak to a live OnStar Advisor just by pressing the blue OnStar button in your vehicle.

2-YEAR/24,000-MILE RECOMMENDED SCHEDULED MAINTENANCE

3-YEAR/36,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY

5-YEAR/100,000-MILE POWERTRAIN LIMITED WARRANTY

Performance Pro Grade Protection: The recommended maintenance includes scheduled maintenance, such as oil changes, tire rotations and inspections. The bumper-to-bumper coverage includes the Yukon’s body, engine, drivetrain and major components. Powertrain coverage includes the engine, transmission and drivetrain. OnStar RemoteLink key fob services are available during the trial period, only while enrolled in an OnStar plan. Certain services are available when OnStar service contract is active. Coverage varies by vehicle, plan, conditions and OnStar service. Visit onstar.com for full details.

GMC Accessories are engineered and tested to meet the standards of your Yukon. Available individually or as part of a package, they are the best way to customize your Yukon while still keeping it Professional Grade. Personalizing your Yukon is easy; just ask your dealer.

1. CHROME ASSIST STEPS Make it easier to get in and out of your Yukon with these stylish assist steps. Crafted from rust-resistant stainless steel, they come as 6” oval chrome steps.

2. TRAILER HITCH CLOSEOUT This custom-molded cover hides the trailer hitch receiver when not in use. Available in select body colors. Not available for Yukon Denali or Yukon XL Denali.

3. CHROME GRILLE Specifically designed and engineered for your vehicle, this stylish grille has a chrome surround and features the GMC logo.

4. CHROME MIRROR COVERS Help your Yukon make even more of a fashion statement with these chrome outside rearview mirror covers. Set of two.

5. ROOF RACK CROSS RAIL PACKAGE These cross rails add function and style to the factory roof rack of your Yukon. The cross rails are the base mount for cargo management accessories.

6. CHROME DOOR HANDLES Add personality to the exterior of your Yukon with these stylish chrome door handles. Like the full array of chrome accessories, they help your Yukon stand apart from everything else on the road.

7. CHROME RECOVERY HOOKS Add functionality and enhance the appearance of your Yukon. These front hooks are for vehicle recovery only. To avoid the risk of injury, never use recovery hooks to tow a vehicle. For more information, see the Recovery Hitches section of your GMC Owner’s Manual.

These custom wheels feature a brilliant, durable chrome or two-tone black gloss and polished finish and are available with matching lugs and GMC center caps.
FINE-TUNING.

Cargo and load capacity limited by weight and distribution. Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for additional details.
Starting with the owner orientation—and full tank of gas—you receive when you take possession of your Yukon.
